Dear Mr. Karpay,

Thanks for your note of the 13th.

Whats the situation today? When do you think it will come up for trial? What, if any information will you want me to prepare, and what, if any, additional documentation?

I'd like to have as much notice as possible, because at the moment I am fortunate enough to be quite busy.

What is the situation about the attachment.? Can I do anything to help? Did Rogers get you the circulation figures, etc?

He was told by the former manager that the circulation was down to 400,000, about half what it was when I did the work.

If he didn't get the circulation figures from ABC for you, if you will call Allan Chase, UN 4-5721, I'm sure he'll be glad to help.

Yours

Harold Weisberg
